

The Town of Markham welcomes and encourages all residents to participate in our Recreation Programs. Every effort will be made for the child or adult to participate in an integrated program, or targeted service. It is important to consider the participants' ability, and the kind of activities that take place for a positive experience. If a participant requires one on one support when attending a program a volunteer will be placed at no extra fee.

### Does the participant need support?

Please consider the following when registering:

- Extra support is required at school in the classroom
- A physical, development and/or learning disability exists that affects the safety of the participant or that of other participants
- Extra support is needed at home for basic care such as dressing and toileting
- Participant is currently associated with a support agency
