Live Arts Matters.

Markham Theatre, celebrating its 26th season, is highly committed to its mission – to develop and sustain a robust creative community through live arts. With artists and productions from Asia, South Asia, Australia, Europe, South America, United States and Canada, we are bringing the world to the Markham Theatre stage. The 2010-11 season celebrates the most diverse, progressive and exclusive programs ever presented.

At Markham Theatre, Live Arts Matters.

It matters as we produce a world class program relevant to the richly diverse community making Markham an incredible place to live.

It matters as we strive to provide the very best services to many community, educational, and recreational cultural groups through our state-of-the-art stage and equipment.

It matters as we launch *Markham Theatre Discovery*.

Entirely focused in providing education and outreach programs and services to our community, Markham Theatre Discovery's actual and prospect initiatives will craft the future and vibrancy of our live arts community in many significant ways. Recent accomplishments include:

- additional and successful sessions of our Drama Camps for children 9 -13 years old
- enhancement of our Children Matinees programs, giving access to thousands of students to experience live arts at the Theatre, and learn from world class artists, musicians, and choreographers
- access to performances to underserved families in the community and youth,

We invite you to participate and support these initiatives.
